

INSTRUCTIONS FOR USE

1. Scan the QR code below to open the screening tool:
 - a. **iPhone users:** Open native camera app and focus on QR code to open link.
 - b. **Android users:** Not all Android phones have an embedded QR reader in the native camera app. A third party QR Code Reader may need to be downloaded to scan code:

<https://play.google.com/store/apps/details?id=tw.mobileapp.qrcode.banner&hl=en>

- c. You may also access this app on your computer or other compatible electronic device by clicking on this link/typing this address into your web-browser:

<http://ascn.io/AscensionScreen>

2. Save the link/QR code to your bookmarks on your phone.
3. Enter your cell phone number to receive a verification code. The verification code is only good for one time.
4. Follow the questions on your screen. Be sure to **complete** all questions prior to closing the application.
 - a. If you are cleared for work, screenshot the confirmation page and provide this verification upon entry to your facility, if requested.
 - b. If you receive the message to follow your normal sick processes - OR - stay home and continue self monitoring, review the on-screen instructions for guidance on next steps.

****If you do not have a smartphone:**

Contact AscensionConnect before your shift to complete the screening. Call (833) 982-0510. Open 24/7.
